Central Act 10 of 1897

#### Statement of Objects and Reasons

The Legislative Diploma No. 1088 dated 26-9-1974, as amended from time to time, the pre-liberation law relating to matters of Town Planning and Building Regulations is still in force.

According to this Diploma the Municipalities have to grant licences for constructional purposes in the entire Taluka. With the coming into force of the Goa, Daman and Diu Municipalities Act, 1968, the Municipal Councils have ceased to exercise their jurisdiction over the entire Taluka and their activities are restricted to the local limits of their areas. Further, it is felt that there should be a consolidated piece of legislation for creating conditions favourable for planning and replanning of urban and rural areas in the Territory, providing full civic and social amenities for the people and also to stop uncontrolled development of land due to land speculation and profiteering in lands and to ensure that Town Planning Schemes are made in a proper manner. The present Bill seeks to enact such a law.

#### Financial Memorandum

Clause 3 of the Bill provides for the appointment of a Chief Planner, Government proposes to entrust the functions of the Chief Planner to an existing Officer of the Town and Country Planning Department. He will be assisted by the existing staff of the Town and Country Planning Department and if need arises additional posts will be created. Although details of the staff cannot be worked out at present, it can broadly be estimated that the annual expenditure on this account from the consolidated fund of the Union territory will be about Rs. 10,000/-.

Clause 4 of the Bill provides for the constitution of Town and Country Planning Board. The members of the Board will have to be paid honorarium/sala-

ries as per the rules to be framed by the Government. Some expenditure on this account will therefore be incurred every year out of the consolidated fund.

Sub-clause (4) of Clause 105 of the Bill provides that the Government may grant money to the Planning authorities by way of grants, loans, advances or otherwise. The nature and quantum of such money to be granted every year by the Government would depend on the budgetary position and policy adopted by Government. Some expenditure will have therefore to be incurred on this account every year.

#### Memorandum of Delegated Legislation

Clause 140 empowers the Government to frame rules to carry out the purposes of the Act. Further clause 141 empowers the Government to frame regulations regarding implementation of Development plans. These powers only enable the Government to prescribe matters of detail and procedure for better implementation of the Act. The delegation is of normal character.
